QUOTE FROM THE DOLPHIN TEAM

“As I sit down to review what this year that is about to end has been, I conclude that it was a time for analysis, for reflection, to search within myself, to accommodate, to promote my well-being and that of my family, to assess my treasures: health, my family, my work, my friends, my spirituality, my ideals.

Now is the time to close the chapter and prepare the new one, which I predict will be a great year, which like any good book will have excitement, suspense and a lot of action. I aspire that all the preparation work that has been this 2021 pays off.

Happy Holidays, may Jesus child be born and remain in you and may the year 2022 come full of peace, health, prosperity and love in each one.

A MESSAGE FROM OUR CEO

2021 was a year of resilience. A year in which we struggled to get ahead as humanity, but in which we also realized that we are capable of overcoming any obstacle and challenge, together.

The Dolphin Company and every team member have demonstrated this resilience with greatness. The strength, integrity, intelligence, teamwork and perseverance of all our associates kept the company standing and growing at a sustained rate. The longing for the feelings and emotions experienced in our parks, with our team mates, with our family of Dolphins, as well as our mission, were our compass and our rock during the uncertainty and difficulties. We are aiming for an even stronger 2022!

On the other hand, 2022 is a year of excitement. A year in which we will grow, recover and look forward to pursuing our dreams. We have learned to adapt and live in a new way, but above all we have learned to value: to value health, the time dedicated to our loved ones, our work, our personal development and faith in God. We have learned to appreciate and live each feeling and emotion because they fill our days with motion, and make our lives greater.

I hope that together, associates, clients, shareholders, investors and the community will feel romance, happiness, adventure, surprise and many other emotions that are experienced inside of The Dolphin Company. My wish for you is to always feel and to share your emotions with the people around you. And remember, we are alive and we transcend because Emotions Last a Lifetime!
